Real world performance

All Adria caravans are designed to perform. Everything is meticulously designed, developed and tested to ensure your safety, comfort and enjoyment. Built to enjoy, built to last.

1_INSPIRED DESIGN.

Exclusive designs with dynamic front profiles, stylish rear walls and signature features such as large panoramic windows on many models.

2_CHASSIS.

Robust construction and integration for safer handling and optimum weight management, with AL-KO as our chassis partner.

3_BODY CONSTRUCTION.

Modular construction using the best materials and construction methods, including Adria's unique 'Comprex' body construction.

4_CLIMATE CONTROL.

Designed for living, all year round, with optimised heating efficiency by Truma or Alde (model dependent). Precisely engineered and tested to extremes in our climate chamber.

5_INSULATION.

The latest thermal insulation materials, sophisticated heat and air flow management to Adria's 'Thermo-build' standards'.

6_AIRFLOW.

Adria's sophisticated Air Flow System means every vehicle has integrated air-flow and ventilation, so no condensation.

7_WINDOWS & DOORS.

Large, advanced design panoramic windows with built-in features. All windows and doors integrated to ensure optimum natural lighting, ventilation, privacy and security.

8_FURNITURE & STORAGE.

Craftsman-built cabinetry integrated with heating and air flow for optimum thermal efficiency. Flexible storage in every vehicle too.

9_COMFORT.

Contemporary living spaces with optimised space and functionality for comfortable living and a home-style feeling.

10_CUSTOMER SERVICE.

Class-leading 2 Year General Warranty and 10 Year Water Ingress Warranty as standard, over 500 dealers and efficient after sales and parts service.

Some features may not be available on all models. Please check www.adria.co.uk for individual model specifications and technical details.

*conditions apply see website for details

Body construction

Adria caravans have a reputation for being robust, which reflects our approach to design, construction and quality management.

Adria's unique 'Comprex' body construction combines the torsional strength of wood, the durability of polyurethane and the moisturestopping properties of polyester.

- 1 Composite wood panel
- 2 Polyurethane sealing
- 3 EPS Styrofoam
- 4 Exterior polyester body shell cladding (sidewall)

- 5 Exterior polyester body shell cladding (floor)
- 6 XPS Styrofoam insulation foam
- 7 Reinforced hardwood profile

(Model dependent: Astella shown here).

Please check www.adria.co.uk for individual model specifications and technical details.

Climate control

Our caravans/motorhomes are built to Adria 'thermo-build' standards, making them suitable for use all year round. Featuring advanced insulation materials, precisely engineered heating design and Adria Air Flow System for ventilation and optimum circulation of air, cooling and heating.

All vehicles are tested in our own climate chamber, from -25 to +60 degrees and in humidity from 45 % to 80 % between +30 and +60 degrees.

Comfort is assured in warmer conditions, with good ventilation, integrated shading, screens and thermo-shielding in our panoramic windows.

HEATING

Heating using the best systems. Choose **Truma** warm air heating. Or, **Alde** liquid based central heating, which distributes heat evenly throughout the caravan. (availability dependent on model)

Adria MACH smart control mobile application locally, controls heating, cooling and other vehicle utilities on Alpina range (at time of print).

TECHNOLOGY

Advanced technologies are used in manufacturing, including Plasmatreat, a robotized process which cleans and applies adhesive for perfect aperture sealing.
